

RESOLUTION NO. 2025-14

A RESOLUTION APPROVING SNOW REMOVAL AGREEMENT WITH GOLF COURSE ADDITION LANDOWNERS IN THE CITY OF WHITE

BE IT RESOLVED by the City of White, South Dakota, as follows:

WHEREAS, during the November 25, 2025, Special Meeting of the White City Council, it was determined that the Golf Course Addition to the City of White has an access road that is platted as an easement over privately owned land and is not a public right-of-way; therefore while the access road connects to a section line road which also serves the public, the City of White is unable to provide snow removal for the private access roadway solely using public funds; and

WHEREAS, the City of White has historically assumed responsibility of snow removal for the above-described roadway, the City has determined it will no longer offer snow removal services to the Addition without reimbursement; and

WHEREAS, the City of White wants to maintain good relations with the residents and businesses of the Golf Course Addition and members of the public using the roadway by providing snow removal services during the winter season; and

WHEREAS, SDCL §9-45-1 authorizes a municipality to construct, maintain, repair and regulate roads and streets within its jurisdiction; and

WHEREAS, because the City has determined that snow removal of the road described herein will benefit the public and landowners of the Golf Course Addition with access to the section line highway and to the City of White, the City of White will offer snow removal services to the Golf Course Addition landowners under the condition that each of the residents and businesses of the Golf Course Addition pay a monthly \$5.00 "Snow Removal" fee each month of the year (\$60 annually from each) to compensate the operation of the City's snow removal equipment on the roadways commonly known as "Golfview Drive" and "Six Mile Creed Road"; and

WHEREAS, this fee shall become effective with the January 2026 utility billing to all residents and businesses that have a structure on their property within the Golf Course Addition.

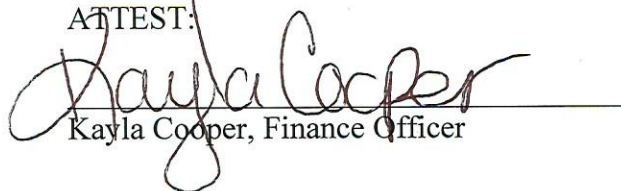

NOW THEREFORE, BE IT RESOLVED that the City of White approves the Snow Removal Agreement described in this Resolution to provide snow removal of the above-described road, provided Golf Course Addition landowners, residents and businesses agree to pay the snow removal fees described herein.

Passed and approved on the 15 day of December, 2025.

CITY OF WHITE

Matt Lagerstrom, Mayor

ATTEST:

Kayla Cooper, Finance Officer
